

SHIRE NOTES

Donnan Park Upgrade

There is still more work to be done at Donnan Park as part of the Royalties for Regions program. This includes re-cladding of the walls of the grandstand with colourbond to match the new covered way. Other works include new seating in front of the pavilion. Whilst the latter will be installed before Christmas, the re-cladding will not be done until the new-year.

Reseal of Roads

The reseal of roads mentioned in the last edition will now not be tackled until the latter part of January due to the availability of the contractors. This will also make life easier for farmers carting grain as harvest will be complete by the time the work commences.

Road Resheeting

An extensive program of resheeting works for no less than 17 different roads in the Shire is now under way. The budget provides \$283,365 for these works.

Entertainment

A reminder of the public entertainment function at Kadjinyiny Kep on New Years' Eve which is being co-ordinated by Terry O'Dea. So, why not make a splash and turn up to the Kep on the 31st December?
