

SHIRE NOTES

New Community Development Officer

In a mini *coupe*, Mrs Delia Betti has jumped ship from the School to the Shire to take up the role of Tammin's CDO.

Delia will commence on 13 August – with the first priority to make contact with the various organisations in the Shire. In particular, the replacement of keys to Donnan Park, to allow the locks to be changed, will be high on the list.

Rain, Rain Rain

Like some of the farmers in the district, the Shire Staff were caught with their pants down when the rain finally came.

The shoulders on the section of Tammin South Rd just north of Caffells were being upgraded leaving a bit of a bog hole. Thanks to all those who reported their concerns regarding this situation – hopefully it has been addressed sufficiently until it dries out sufficiently for Staff to get machinery back on the job.

The good news is that the moisture has allowed maintenance grading to get into full swing. If you haven't seen the grader yet, it won't be far away.

M.G. (Mick) Oliver, Chief Executive Officer
